### TO PLANT AND WHEN TO HARVEST

Should Read Bulletin No. 100 Just issued by O. A. C. Extension Service.

Preparation should be made now for the fall and winter crops of fresh vegetables. The suggestions in the new bulletin as to how and when to plant will give the most satisfactory and profitable returns. Every gardener keep his ground ready now until winter, and the crops will keep the table supplied with fresh vegetables during the fall and winter months.

Bulletin 100 is most comprehensive and includes seasons in vegetable gardening by Prof. Douquet, growing of potatoes by Prof. Hyslop, protection of garden plants from insects and diseases, by A. L. Lovett and E. P. Barrs. It also contains valuable information concerning the seed or plant each two weeks from April to November 15th, and a

list of the crops that may be left in the field during the winter.

**LATE VEGETABLES**

To provide strong, healthy plants for transplanting, the seed beds should be moderately rich, but the soil should not be so rich as to make the plants soft or tender. The bed should be narrow enough so the plants in the center may be reached from either side of the bed. The rows should not be nearer than four inches and the plants should not be closer than one inch in the row. The ground should be fine but not of such a character as to bake easily in the heat of the sun after being watered, and it should be raked smooth before planting. Late cabbage, cauliflower, broccoli, Brussels sprouts and curly kale plants may be provided in this way for transplanting when other crops have matured. This plan leaves the ground free for early crops up till the first or second week in July. The plants for field setting should be about inches high. Sufficient cultivation of the beds should be given to prevent a hard soil crust from forming, and in irrigating, the water should be carefully run down between the rows.

Green aphids on the leaves may be controlled with black leaf, and many growers screen their seed beds with mosquito netting to prevent maggot infection at the roots.

Philip Scheidemann, Germany majority Socialist leader, has been here several days conferring with Swiss delegates.

## IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive, and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

## AMERICAN LAKE PLANS RUSHED

TWO DIVISION CAMPS OF WESTERN DEPARTMENT OF ARMY ARE ALLOTTED THERE—TRAINING CAMP.

YACOMA, Wash., May 31.—Arrangements are being rushed here today to prepare American Lake for 50,000 troops from Oregon, Washington and Idaho who will be trained there for service in Europe. The Northern Pacific is adding to its tract facilities as rapidly as possible, for during the summer American Lake will be one of the busiest points on the coast system.

The western department of the army has been allotted three of the division camps, two coming to American Lake and one going to Linda Vista, a tract thirteen miles north of San Diego. Thousands of wooden buildings will be constructed on the American Lake tract. Schools will be built and classes conducted for the training of men in special branches of army services. It is estimated that 25,000,000 feet of lumber will be required to build the

four thousand buildings necessary to house 50,000 men.

The buildings at American Lake will be divided into two "cities"—one for each of the two divisions which will be organized there. Each will be supplied with water and sewage systems.

**WHAT A LIBERTY BOND IS**

A Liberty loan bond is a solemn promise of the United States to pay at maturity the amount of the bond to the holder thereof and to pay interest semiannually each year from the date of the issuance of the bond until it is fully and finally paid.

**TWO BIT CASE COSTS \$38.70**

PORTLAND, Ore., May 31.—Charlie Gunn today stands loser to the extent of \$38.45 as the result of his little trial into the courts. He secured a judgment for 25 cents against P. Davis in District Judge Dayton's court, but he was not satisfied. He appealed. Circuit Judge Kavanaugh dismissed the appeal with the declaration he could see no reason why anybody would appeal a "two-bit" case. Gunn spent \$38.70 in securing the judgment and making the appeal and has a 25 cent judgment in return.

# It's toasted

THE slice of toast that is made on your modern gas range is pretty good. But do you remember when they made it over the coals of the kitchen stove, with a long toasting fork? Browned just right, crisp, and buttered hot. Those were the days.

We've gone right back to this fine, simple old idea to make Lucky Strike, the real Burley cigarette. Yes, sir! The tobacco—it's toasted.

We made this discovery after five years of experiment. Before this you couldn't have a ready-made Burley cigarette; flavor wouldn't hold. And you certainly wanted it; look at the sixty million pounds of Burley you poured out of those green, red and blue tin boxes last year. "Blame good tobacco!"

So now go to it; Lucky Strike Cigarettes; delicious, toasted Burley. It's a new flavor—you'll enjoy the idea of the buttered toast.
